

FOREIGN MISSION STATISTICS OF NORTH AMERICA

For the Year Ending December 31, 1915

Prepared by the Home Base Committee of the Foreign Missions Conference of North America and presented at the annual meeting of the Conference held in Garden City, Long Island, U. S. A., January 12, 13, 14, 1916.

NOTES ON THE TABLES

1. The tables include the names and statistics, so far as known, of all organizations in the United States and Canada, general and woman's, that conduct mission work outside the "home base." The majority of these are known as *foreign mission* organizations but some combine home and foreign mission work. To these are added certain educational, medical and miscellaneous organizations whose revenues in whole or in part are devoted to work in other lands. The tables therefore include the statistics for the work of the societies named, in Mexico, Central America, Cuba, Porto Rico, Hawaii, the Philippines and Alaska, but not for work among Orientals in America.

2. The statistics of a few *home mission* organizations doing work in the countries named are included in the tables, *but not in detail*. The total amount contributed to these home mission organizations for work outside the United States and Canada is added as a foot-note on the last page of the tables. The latter amount is taken from the statistical report of the Home Missions Council by agreement with that organization.

3. The statistics for the United States and for Canada are grouped separately.

4. The figures given in the tables are based upon the printed reports of the organizations named that have been published during the calendar year 1915.

5. The figures for "Native Contributions" represent the amount received on the field for the general work of the organization and the amount paid for the maintenance of the local work, including medical and educational fees.

6. Total number of organizations listed in the tables, 192. (Last year 204.) See note at bottom of page 15.

7. Of the above organizations 18 did not report.

8. See section on statistics in the body of the report of the Home Base Committee.

9. The following signs with the meanings indicated have been used in the tables, except as otherwise noted:

* The statistics of this organization include those of one or more other organizations. Allowance for the duplication is made in the totals—31 organizations.

** The statistics of this organization are included under those of a related organization. Allowance for duplication is made in the totals—51 organizations.

† Last year's figures—9 organizations.

§ Figures for 1913—5 organizations.

§§ Figures for 1912—2 organizations.

‡ Foreign work only.

(a) The statistics of this organization represent one-half of the totals given for a biennial period.

(b) For work in China only.

(c) Represents number added in two years.

(d) For work in Africa only—European statistics not available.

(e) Estimated.

(f) Statistics January 1, 1915, to November 1, 1915.

(g) Statistics incomplete.

(i) Amount received for seven months only.

- (1) **Additional income** for work outside the United States and Canada is reported by certain home mission organizations as follows, \$594,260.80. This added to the amount received by foreign mission organizations, \$18,793,990.98, gives the grand total contributed by the churches of America for work abroad, \$19,388,251.78
- (2) The large income shown for 1912 is to be explained doubtless by the change made in the system for gathering the statistics and by the fact that returns were more complete.
- (3) It has been impossible to secure full statistics for Great Britain, Europe and other countries for 1914 and 1915.
- (4) Statistics for other countries than America, Great Britain and the Continent of Europe for 1913 were not gathered, hence the small amount reported.
- (m) Statistics prepared by the Missionary Review of the World.
- The amount expended for work among Orientals in America through foreign mission organizations is not included in these tables, since it is not sent away from America. Detailed figures for this work are included in the report of the Home Missions Council.

298	78,965	27,157			1,326,522	85,155					23,422	1,089,237		

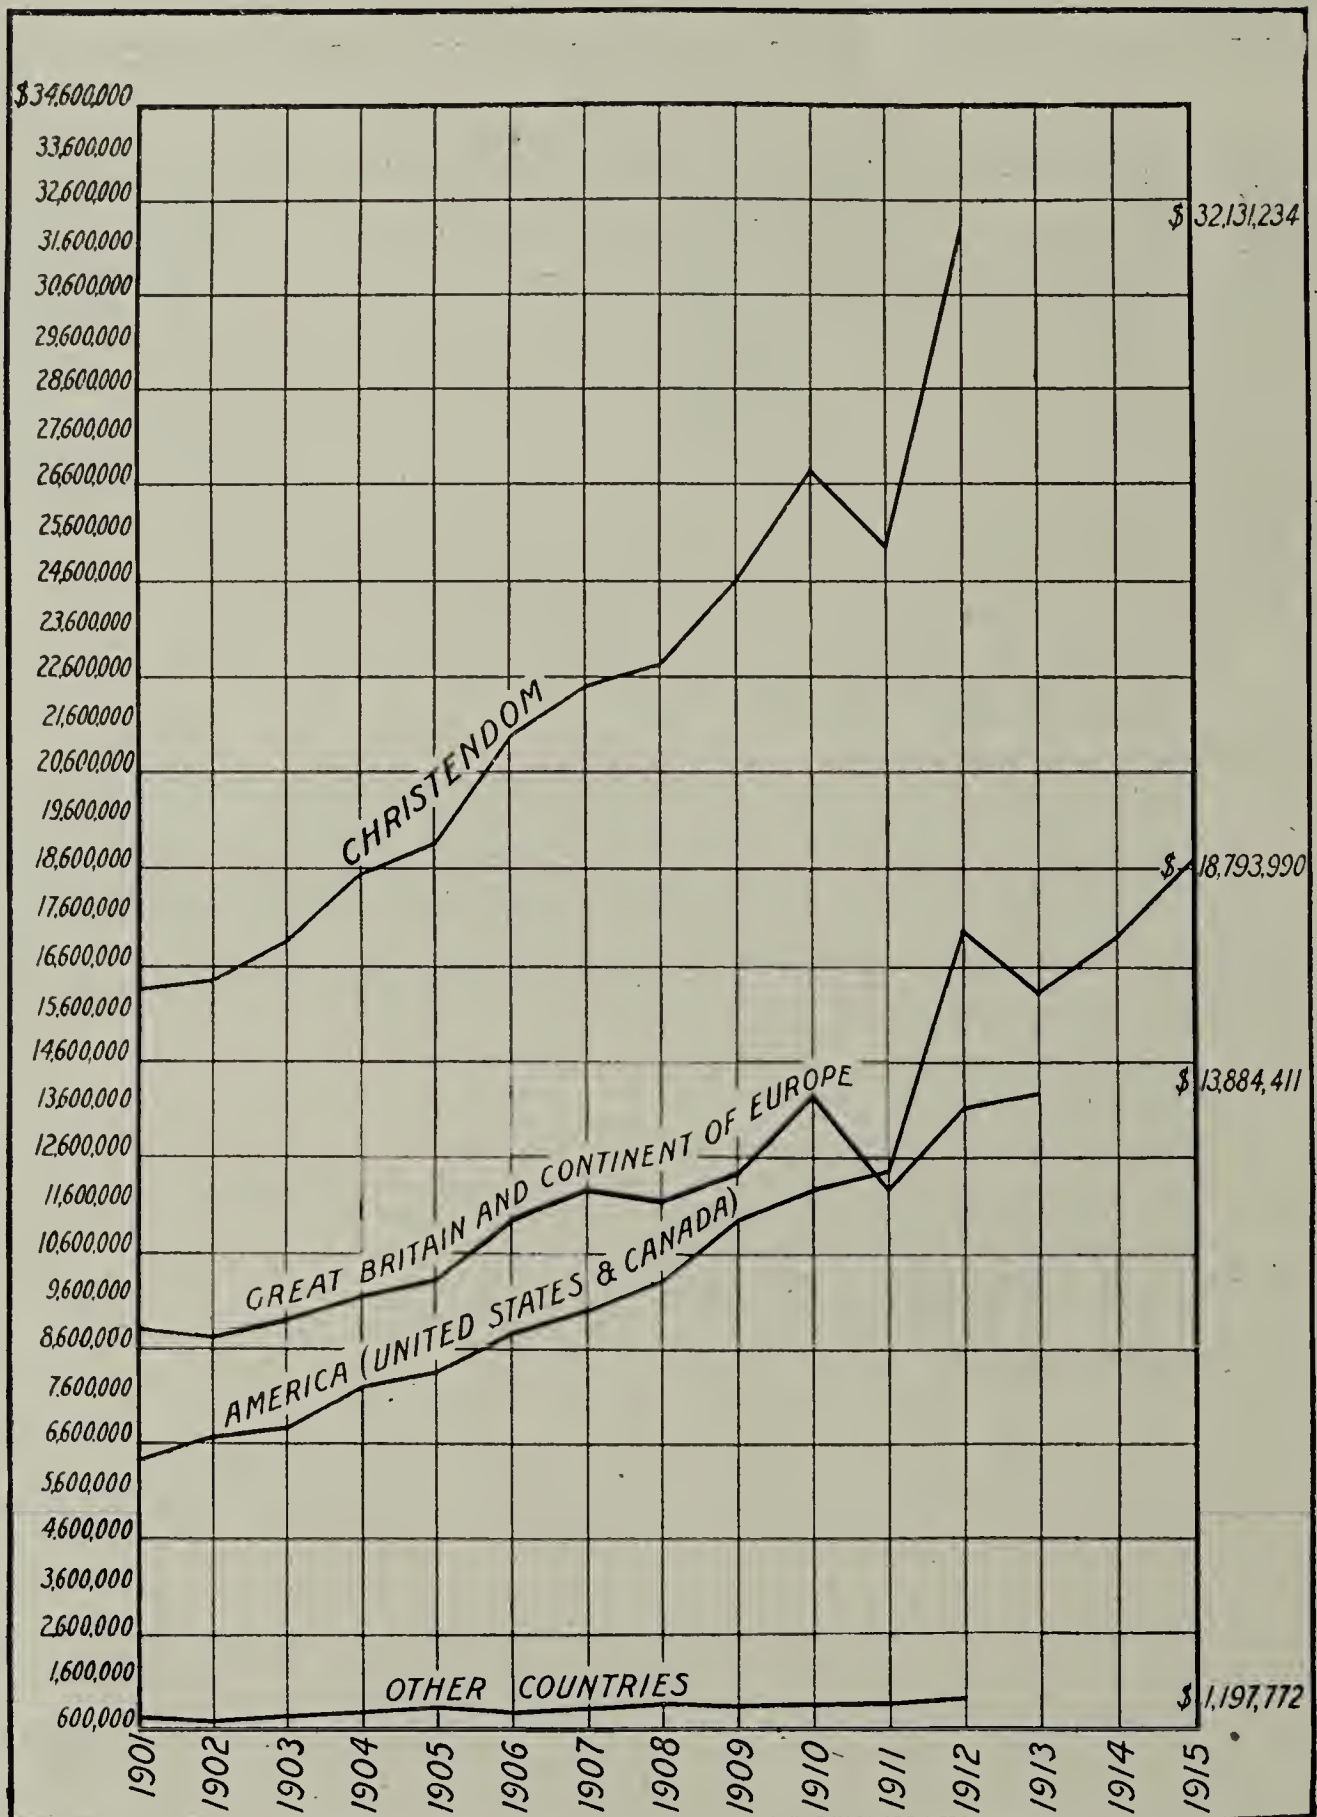

Special Note:

A total of 192 organizations is reported in the foregoing tables as compared with 204 organizations last year. The reasons for the reduction are given below:

- Dropping the following organizations because of continued failure to report:
Faith and Love Mission
First New Testament Church, Los Angeles, Cal.
Oriental Society, Promoting Education of Deaf Mutes
Vanguard Missionary Association
- Combination of the following groups of organizations:
Canada Cong. Woman's Board of Missions and Cong. Woman's Board of Missions, Nova Scotia and New Brunswick
Foreign Mission Committee, Presbyterian Church, Canada Western Division and Eastern Division
Woman's Baptist Foreign Mission Society and Woman's Baptist Foreign Mission Society of the West
- Transfer of the following organizations to this special list because they send neither money nor missionaries to the foreign field, but perform educational and inspirational functions at the home base on behalf of foreign missions:
American Seamen's Friend Society
Canadian Collegiate Missionary Movement
Missionary Education Movement
Student Volunteer Movement
Zions Foreningen (Mission among the Jews)
- Dropping the following organizations as having no proper place in the report:
Board of Missions of the Schwenkfelder Church of America
Trustees of Mackenzie College
- Adding the following organizations not previously included:
Woman's Baptist Foreign Mission Society of Ontario, West
Woman's Baptist Foreign Mission Society of East Ontario and Quebec.

Diminutions, 14; additions, 2; net loss, 12.

CHART OF FOREIGN MISSION OFFERINGS 1902-1915

See notes regarding the table on opposite page.

NOTES ON CHART OF FOREIGN MISSION OFFERINGS 1902-1915

The purpose of the chart is clear. The statistics upon which it is based were compiled as follows:

- (1) America—by the Missionary Review of the World through 1911; by the Home Base Committee for 1912, 1913, 1914, 1915.
- (2) Great Britain—by the Missionary Review of the World through 1912; by the British Missionary Press Bureau for 1913; lacking for 1914, 1915.
- (3) Continent of Europe—by the Missionary Review of the World through 1913; the Review published the European totals for 1914 as follows:—\$4,503,883, but this is not used in the chart because the corresponding total for Great Britain is lacking.
- (4) Other Countries—by the Missionary Review of the World through 1912; lacking for 1913, 1914, 1915.
- (5) The lines for "Christendom," "Great Britain and Europe" and "Other Countries" are not complete because all the figures were not obtainable. The total home income in 1914 for the British organizations with the largest incomes (the number of these was not reported) was \$12,111,446.

Owing to the fact that there is no general plan as yet for gathering world missionary statistics, some discrepancies were discovered between the totals previously reported by others and the sums of the several sections. Some adjustments had to be made and hence the result is not absolutely accurate but it fairly approximates the facts. It is hoped that the continued publication of this chart may stimulate effort to secure more complete and accurate returns.

The large incomes shown for 1912 are to be explained doubtless by the change made in the system for gathering the statistics and by the fact that returns were more complete.

To determine the *total* amount contributed in 1915 in the United States and Canada for work outside these countries, add to the total at the end of the line representing the contributions of America the sum of \$594,260.80 given through home mission organizations for work in Mexico, Central America, Cuba, Porto Rico, Alaska, Hawaii and the Philippines.

Owing to the war in Europe it has been possible to secure statistics for 1915 for the United States and Canada only.
